

## HKC Offer Rotax Sponsorship

Posted by: Michael Killingworth 16th January 2016 2 Comments

Rotax classes have seen a huge decline in recent months, with once flourishing grid sizes at the likes of Kimbolton dwindling down to just 5 karts in Junior Rotax in their January meeting this year. Now HKC have teamed up with B.I.N. Kart Team Management Systems to draw more competitors in to keep the Rotax spirit going.

Rye House has always held the Rotax classes close to heart, John Huff fondly remembers the introduction of the 125cc classes at Rye House through both the MSA meetings and the "endurance" formats set up by Matthew Norman. Ryan Musk also campaigned in the class for numerous years, winning multiple club championships at Rye. Rye house have also had recent involvement with the D-Max Champs.

Enthusied by the positive feedback from an initial sponsorship/prize offer, John and co-director of "B.I.N. Kart Team Management Systems Ltd.", Ryan Musk have offered to double up their financial support to the club's February round and now...

The first 5 Snr Rotax finishers\* will get their race entry back! Sponsored by Ryan Musk of "B.I.N. Kart Team Management Systems Ltd."

The first 5 177 Rotax finishers\* will get their race entry back! Sponsored by John Huff of "B.I.N. Kart Team Management Systems Ltd."

\* – Recipients will have shown their support to the club and be club members for 2016.

HKC will release a plan of action for the 2016 season prior to the first race & can assure the drivers there will be a huge amount of effort put into this year's racing!
